Bristol & District Table Tennis Association

Annual Report for the Season 2006 ! 2007

Another Season has drawn to a close and the last of the score sheets put to bed. The Statistics for 2006 - 7 have been completed, it is too late for any errors or omissions to be corrected and I apologise to any offended parties.

ROLL OF HONOUR SEASON 2006 / 2007

Division	Winners	Runners Up
Premier	Filton Academy	Failand A
Division 1	Cleeve Cobras	Almonds A
Division 2	Almonds C	Page A
Division 3	Civil Service F	Nailsea Bobcats
Division 4	Congresbury	Fromeside B
Division 5	Portishead E	Cleeve Mambas
Division 6	Cleeve Pythons	Knowle E
Division 7	Filton Vipers	Winterbourne B
Division 8	Knowle F	Knowle G

Cleeve Cobras (Division 1) were the only team to finish the season with a hundred percent record although Almonds C (Division 2) and Filton Vipers (Division 7) were undefeated.

The biggest winning margin was 25 sets by Almonds C in Division 2.

The most successful Club was Cleeve, winning Divisions 1 and 6 and being runners up in Division 5. Not a bad record for a Club with only five teams.

No player playing more than half the matches was unbeaten. The best record being that of Matt Peters (Cleeve Pythons) winning 55 out of 56 sets. Kevin Phillips (Page A) and Tim Coles (Portishead G) losing only 2 sets

This season we welcomed Filton Academy into our ranks under the aegis of the Filton Club. The Academy boasts many of the leading young players in the country. Their strength was underlined by them having 8 players in the top fifteen averages in the Premier Division. Not surprisingly they win the Premier Division and the (scratch) Gilbert Belsten Cup

Statistics

After much blood sweat and tears this seasons Report has been completed. I trust that the reading will be of interest to you. Many players get a mention somewhere or another and their names are there for posterity or at least to show their children or grandchildren.

To me one of the most interesting statistics was that Sam Bird of Nailsea, who hasn't missed a match for at least six years (my records do not go back further than that) Well done Sam.

Score Sheets

My annual moan. There are still too many inaccurate or incomplete score sheets submitted. I was tempted to include some of the worst examples but time ran out. (maybe next season)

Just a couple of extra minutes at the end of the match checking your sheet would probably save me a great deal of time and frustration.

Check the following after each match:-

- a) The home and away teams are written into the correct spaces and that the players' names correspond with those headings.
- b) Include the suffix of the team on the heading. It doesn't help if there are two or more club teams in the same division. Also where clubs have several participating teams it is helpful to know if it is the A, B or C team etc.
- c) Enter the full name of the player. You know who Frederick is but I may not.
- d) Ensure that all the games in each set are entered and make sense (two games all tells me nothing)
- e) Write the games down in the right order as I frequently refer to the last game in a set to see who won it only to discover that the last game was in fact the third and my short cut gave me the wrong answer.
- f) Make sure the game hasn't be entered the wrong way round.
- g) Check that the individual sets won equate to the total in the end column.
- h) The names or numbers of the doubles pairings need to be included. It could affect the total number of points played in an evening.

Postponed Matches

These should be played as soon as possible after the postponement using cup weeks if there are no spare match nights. Every season I am faced with up to a hundred postponed matches to be played in April.

Without fail I have to chase round for results, taking the details over the phone.

I shall never know how Ken Watts appeared to take it all in his stride without moaning.

Website

Finally, many thanks to John Hodson for transferring my data onto the website and tactfully pointing out any discrepancies
