

# BRISTOL & DISTRICT TABLE TENNIS ASSOCIATION

In this section you will find the final league tables for each season since our re-formation on 22 July 1919. These have conveniently been archived into “decades”, so that any future updates or amendments can be easily rectified. Unfortunately, a few are not complete and no league tables have yet been found for any seasons earlier than this. Furthermore, although we can be sure of the league winners for all seasons, there are seven for which we only possess “near-final” league tables; some are of poor quality and for the 1925/1926 season no league tables have been discovered at all. Due to the fact that only minimal archive material has survived for the years before 1939, as our city was heavily bombed during WWII and many records were lost, we have only been able to derive our earliest league table information from the local newspapers.

If anyone is able to furnish us with any information that may improve these records, or just happen to hold any pre-War Handbooks or Annual Reports which may also show end-of-season league tables, then please do let us know. Thank you.
