BRISTOL & DISTRICT TABLE TENNIS ASSOCIATION

Annual report for the season 2010 – 2011

After ten years very little has changed regarding the accuracy and legibility of the score sheets. There are the odd breaths of fresh air when a neat all correct sheet is received, they are nearly always from the same teams (but only when they play at home).

The number of postponements has been significantly reduced this season, thanks to the control Clive Ellison has exercised during the year, consequently the overrun of match fixtures has also been reduced.

There is an apparent apathy at the end of the season, some teams not involved in promotion and relegation send score sheets in as an afterthought and I have to resort to phoning both home and away teams to try and obtain the results and hopefully the player's performances for the averages.

Civil Service is the outstanding club of the season this year winning four divisions and finishing runners up in two others from their ten teams. This year Nailsea were conspicuous by their absence and had four relegations into the bargain.

Facts and figures

No team finished the season with a 100% record and only one team, Knowle C, finished unbeaten. Civil Service Raiders gained promotion for the fourth year in succession and will be appearing in the premier division next season. This season however they had to be content with the runners up spot.

One promotion and one relegation position resulted in a tie; they were decided on sets against each other (Rule 31).

Only two players who played at least half the possible matches in their division remained unbeaten. They were John Ruderham winning 39 sets in Division 6 and Roger Walker winning 57 sets in Division 7.

Dave Nipper (Southmead Merlins) and Martin Moore (Frys Boost) went to expedite for the second season running.

Peter Creber (Yatton) played in every match for the seventh year in succession.

One player in eight registered in the League is seventy or over, how's that for longevity in the sport?

Nineteen Clubs participated in the league last season, the lowest number for at least the last ten years.

Statistics

I hope that the weekly published details continue to be of interest to you, as will the end of season Stats Report which is on sale at £1.00 (a good read to see if you feature somewhere!).

Walkovers

There were only seven walkovers this season and it probably reflects the control Clive Ellison has had on the postponement and issue of fines. Such concessions can have a critical affect upon the other clubs in the division.

Finally

Owing to pressure of work Andy Boucher had to step down from managing the website. Rick Jemmott, although still extremely busy at work stepped into the post again this season and I have been grateful to him for acting as my fail safe catching any errors in the weekly league data.

I look forward to receiving your neat accurate score sheets next season!

There will be changes in the website next season as the BTTA have had it re-written professionally and it will be fully operational for next season.
