BRISTOL & DISTRICT TABLE TENNIS ASSOCIATION

SEASON 2004 – 2005

END OF SEASON STATISTICAL REPORT

PREPARED BY REGISTRATION SECRETARY JOHN R REYNOLDS

Bristol & District Table Tennis Association

Annual Report for the Season 2004 / 2005

My fourth term as registration Secretary has now drawn to a close and although I thought that things would get easier my hopes were dashed. There were again a large number of matches outstanding at the end of the season proper and some matches remained unplayed hence the 0-0 results, others had to be obtained at the expense of time and expense on phone calls.

The accuracy of the completion of score sheets still leaves a lot to be desired. The same common errors continue.

a. Game scores not being filled in the sequence of the numbered boxes, which confuse the assessment of the away player's wins.
b. Games not being inserted the right way round, showing a different result from the end box total
c. Sets shown resulting in two games all, final game missing.
d. The home team title set out at the top of the sheet reversing the order of play in the match section
e. A large number of games being played to 10 up!!!
f. The team titles at the top of the sheet not including the suffix. When a club has more than one team in the division this can make more work for me, especially if their opponents also have more than one team in that division.
g. A number of players are indicated as "Mike" "Dave" etc. I do know most of the players but occasionally I have to cross check.
h. There are still teams who do not know how to deal with the result when both sides have less than three players.
i. Occasionally the side totals reverse the sets results from the boxes.

In isolation these do not amount to much of a problem but when you have several each week it does become an annoyance especially when I have to make several phone calls to obtain clarification.

Following the publishing the teams with the most untidy score sheets on the website each week the standard surprising improved. A change to publishing the teams submitting incorrect or incomplete score sheet did not however produce a similar improvement.

I trust that my hours toiling over a hot computer will not be wasted and that you will find the statistics of interest. I apologies for any anomalies, it is difficult to maintain finite accuracy when they are prepared piecemeal over the season and pulled together in a frantic final rush.

There was a drop in the number of clubs participating in the league this season. The number of clubs dropped by one to 21 but the number of teams remained the same at 102. The number of playing members dropped from 485 to 425 but I believe we still remain the largest league in the country.

A special mention goes to Rhys Morgan of Knowle C who was the only undefeated full time player of the season. He won 69 in Division 1 and a further 9 in the Premier.

No team completed the season with a hundred percent record but Failand C and Cleeve & Claverham Pythons went through undefeated.

My thanks go once again to Ricky Jemmott and latterly to John Hodson for checking and transferring my data to the website.

ROLL OF HONOUR SEASON 2004 – 2005

Division	Winners	Runners Up
Premier	Knowle & Brislington A	Failand A
1	BAWA Hercules	Cleeve & Claverham Adders
2	Failand C	Almonds B
3	Fromeside C	Nailsea Bobcats
4	Page D	Almonds D
5	Almonds G	Portishead E
6	Cleeve & Claverham Mambas	Page J
7	Cleeve & Claverham Pythons	Nailsea Cheetahs

Previously it had been agreed that for this season Rule 12 regarding promotions and relegations would be suspended as there would be a reconstitution of the league to make 12 the maximum number of teams in each division.

The current finishing order will now dictate the order for the new constitution. The final decision regarding the split will be made once the number of teams competing next season is known. I will endeavour to advise Club Secretaries regarding the split and matrix as soon as possible.

John Reynolds
Registration Secretary
