

Handicap Cup Secretary's Report

Only 15 teams entered the competition this season with one of them withdrawing before the first round was played meaning less than 50% of the teams in the league took part, somewhat disappointing.

I will suggest the management committee look into changing the format/ constitution of the league to make it more inclusive.

As to the competition after the first round it was dominated by the Cold Norton teams with only their A team losing to Blackwater A.

The final was played between Cold Norton B and C teams ending with a comfortable 5-0 victory for the B team whose team of Ian Wall, Eric Green, and captain Dan Anderson are becoming handicap specialists, winning back to back titles.

Thank you to everyone who took part, all results were sent in and games were played on time, and nobody complained about their handicap.

Regards

Alan Scammell

Handicap Cup Secretary.
