

**DERBY TT: WALTER REEVES HANDICAP CUP 2018-19****v8**

Each **PLAYER** will carry **THEIR OWN** individual handicap. The **TEAM** handicap will therefore be calculated by adding together the handicaps of the **3 players playing ON THE NIGHT** (plus the handicap for the doubles).

From this season onwards the handicaps will be based on the player's **Ranking Points**. These statistics are available on the DDTTA website. The individual player handicaps will be fixed for the whole season based on the Rankings published on **25 Sep 2018**.

The handicaps are based on a linear scale, with a minimum of 0 and a maximum of 90. [They are no longer in multiples of 9.]

Any player without a current Ranking will be temporarily assigned the average handicap for their Division. As soon as they obtain an official Ranking, their handicap will be recalculated. In all cases, the competition organiser reserves the right to adjust an individual's handicap if the formula assigns an obviously inappropriate value. [In such cases, the individual's Ranking Points will be estimated rather than official, and will be shown in italic font in the table.]

Where a player is **substituting** for a different team in their club, they will still carry with them **THEIR OWN** individual handicap. NOTE, however, that a player substituting in the cup cannot take part in the doubles, unless there are **two substitutes** in the team, in which case **one (and only one) can play in the doubles**. In such cases, if the doubles substitute is ranked better than the second best player in the team, the doubles handicap should be reduced by one point for every six points difference in their handicaps, rounded off. For example, if X (HCP 36) and Y (HCP 49) substitute for a team whose second best player is Z (HCP 51), then no adjustment is required if Y plays in the doubles ( $2 \div 6$ ), but if X plays then the doubles handicap must be reduced by 3 ( $15 \div 6$ ).

A list of all players that I am aware of (as at **27 Mar 2019**) and their individual handicaps is included on the following pages.

If new players join teams, this document will be updated and republished on the website.
