

## ADMIN SECRETARY'S REPORT TO THE 2023AGM

I have little to report on for the past season; I confess to being an absentee for most of the playing season due to eyesight problems which have now cleared up over the last few months, and I would admit that I have not been “doing the job” as well as expected and I would fully understand the AGM if they felt that I should step down.

Our new Chairman, Match Secretary, Treasurer and Trophy Convenor, Jonathan, Stephen, Peter and Gary, have all done a lot of work behind the scenes; I commend their work to you, and without their input along with Pat Duffy in the development side of things, I doubt if we could run the PDTTA!!

It has been a struggle for me with contacts to TTS; ever since Cynthia retired, there has been a large void in TTS with meaningful contact with our national body practically nil!

One of the last communications has been about a proposed change to the recording of results; TT365 has been a source of minor, and major, niggles over the years and there is a proposal for the TTS AGM to use Ratings Central instead; I have given the committee members a copy and I suggest that we ask the new committee to look at it before the TTS AGM in July to decide whether we go along this line; hopefully if we did, it would make the Match secretary's job easier; in theory at least BUT.....

May I thank the Committee for its handling of the league, and the players for all their co-operation during what has ben a trying year in many instances.

Ian McLagan,  
Admin Secretary
