### Season Summary

Match admin this season was severely impacted by the closure of Bells in October. The subsequent weeks lost, the change from a Wednesday to a Tuesday evening, and the loss of 3 teams, resulted in us having to scrap the league that was underway and start a new league with insufficient teams to realistically offer a mid-season split.

The loss of Bells as a venue, and the single weekly night offered at Perth High school, meant that match postponements and rescheduling were very difficult to manage. Of the postponed matches only one was successfully rearranged.

As a day and venue for next season has yet to be determined, it is difficult to predict what the format will be for season 2024 – 25.
