

# South Devon & Torbay Table Tennis League – Handicap Cups

Home Team		H'Cap		Away Team		H'Cap
A				X		
B				Y		
C				Z		

## INSTRUCTIONS

The new format is based on total team points won, not on individual wins, so every point counts. A calculator App on your phone could be useful!

Fill in your team details as normal adding individual handicap in H'Cap column.

Calculate handicap for each set – round the difference in H'Cap of the 2 players in the set, up to a multiple of 4 & divide by 4. This is the start the weaker player gets in each game. Record this start next to the weaker player's name (ie +5) capped at max of +9

Play all 4 games as normal up to 11, remembering to start the weaker player on his positive H'Cap in each game. The total points scored by both players are then entered in Total scores column and added to the cumulative scores column.

At the end of the 9<sup>th</sup> set, the team with the most points wins. If tied, the winning team will be the team awarded most handicap points.

In doubles, the pairs H'caps are added together, divided by 2 and rounded up to a whole number. Then calculated as above.

The winning team to forward the scorecard to the Match Secretary.

Order of Play	Home Player	v	Away Player	Game 1	Game 2	Game 3	Game 4	Total Scores		Cumulative Scores	
								Home	Away	Home	Away
A v X (AC v XY)		v									
B v Y (BC v XZ)		v									
C v Z (AB v XY)		v									
B v X (AC v ZY)		v									
A v Z (AB v ZX)		v									
C v Y (BC v YX)		v									
B v Z (AB v YZ)		v									
C v X (AC v XZ)		v									
A v Y (BC v YZ)		v
