

## Club Coaching

Club coaching is healthy. Since last year, Chelmsford has added another two sessions. Another group session on Monday night and a 1-2-1 session on Sundays. In the table below, I have given the number of trainees that turn up for training on average each session, all the clubs have more players than that on their books. It is good news that Chelmsford TTC have increased their group sessions and they report that within a couple of weeks, this new session was full. Sam Phillips is the new head coach at ARU and is considering entering a team in the 5<sup>th</sup> division of the league next year.

Coaching at ARU - October 2021

## Coaching Camps

Lee McHugh ran Junior Coaching Camps at St John Payne over October half-term, during the Christmas school holiday and at Easter. They tended to have 15-20 attendees and were very well received.

## TTKidz

Lee McHugh and David Gatheral ran a successful TTKidz coaching programme on Tuesday evenings in September to November 2021, run by at Writtle TTC. Table Tennis England are very keen for clubs to run these programmes – they are ideal for kickstarting or reinvigoration membership of a fledgling or existing club coaching session. The next ones start in September and require a good few months’ planning as you do need to contact all the schools in your local area to get the best results.

## Junior Coaches

Chelmsford TTC juniors, Annabel Sweeney and Joachin Mapes attended a Table Tennis England coaching course Kent in December and January. Both passed their level 1 coaching award and are keen to coach at local clubs. This is a great achievement and Chelmsford TTC have played a big part in giving them the confidence to pass their knowledge on to the next generation of table tennis players.
